INTRO

"Rhyme Bible" is a unique and detailed rhyme dictionary. While most rhyme dictionaries focus on matching "perfect rhymes", "Rhyme Bible" illustrates how words rhyme with each other using a concept called "half rhyme". "Perfect rhymes" have the same vowel and consonant "sound" at the end of a word while the beginning sound of the word is different. The words "big" and "pig" are an example of two words that contain a "perfect rhyme" sound. "Half rhyme", in this instance, focuses on relating words based on similar vowel sounds and pronunciations regardless of consonants. The words kick, ship, lid, and dig are examples of words that rhyme using "half rhyme".

Traditionally, these words wouldn't rhyme, because they don't fall under the category of "perfect rhyme".

"Rhyme Bible" uses a poetic license to take the liberty of rhyming words with similar vowel sounds and pronunciations that don't normally rhyme with each other. And, it also uses a poetic license to manipulate the pronunciation of certain words to make them rhyme better with other words.

When a singer/rapper (etc.) performs, they exaggerate the way they pronounce words. They emphasize the vowel sounds to produce a better quality tone in their voice. This was taken into consideration when writing this book.

The word "dark", when sung/rapped,

sounds close to someone saying the word "dock". This is why both words are in the same group (**1**SHORT O) in this book. This is also similar with the word "temple". When sung/rapped, the word "temple" sounds close to the word "tempo". These words are also in their own group (**2**SHORT E/LONG O) in this book. The individual words are self-explanatory for why and how they rhyme with the other words in the same group.

When it comes to rhyming, there are infinite amounts of combinations and possibilities of rhymes in the context of the lyrics. I encourage you to use your own poetic license to rhyme words together in unique and original ways.

Try rhyming words in one group with words in other groups in this book. Also, bend and manipulate pronunciations of words in unique ways and try to rhyme them with words in other groups. Don't feel intimidated by the depth of this book. Start out by skimming through random groups to become familiarized with the book. Eventually, you'll get the hang of it. Most importantly, have fun. Who knows, you might become one of the greatest lyricists of all time!

TIPS AND HINTS

-(-ING/-IN) MEANS WORDS WITH LONG E ENDINGS ARE PRONOUNCED WITH A "LONG E" OR "SHORT I". EXAMPLE: skating is pronounced "skate-eeng" or "skate-in".

-(*U/I*) MEANS WORDS WITH SCHWA ENDINGS ARE PRONOUNCED WITH AN "UH" OR "SHORT I" SOUND. EXAMPLE: listen is pronounced "lis-in" or "lis-uhn".

-WORDS LIKE "GAL" AND "LOUD" RHYME (SHORT AU).

-WORDS LIKE "TABLE" AND "HALO" RHYME (LONG A/LONG O).

-WORDS LIKE "ART", "CALL", "GONE", AND "DRAW" RHYME (SHORT O).

-SOME WORDS MAY BE SLANG

AND/OR THE DEFINITION OF THE WORDS MAY ONLY BE FOUND ONLINE.

-WARNING!!!!!!! THIS BOOK MAY NOT BE SUITABLE FOR ANYONE UNDER THE AGE OF EIGHTEEN.....
